

## U.S. Assails Three Nations

### Say Russian Satellites Break Pacts

Washington, April 2—(AP)—The United States and Britain teamed up today in a move toward bringing three Soviet bloc countries to international judgment for "notorious" flouting of their peace treaty vows.

They sent strongly worded notes to Hungary, Bulgaria and Romania demanding that these Communist-run governments live up to pledges signed less than two years ago to give their peoples basic human rights and freedoms.

Canada, Australia and New Zealand also supported the action.

May Demand U.N. Action

Dispatch of the notes was a first step toward invoking the machinery for settling disputes which was set up in the peace treaties with the wartime axis satellites. If this fails, the western powers could demand action by the United Nations.

The notes took specific exception to Hungary's imprisonment of Cardinal Mindszenty, Bulgaria's prosecution of Protestant churchmen and Romania's jailing of opposition leaders.

The United States charged that each of the three communist nations has "deliberately and systematically" denied its people "freedom of expression, of press and publication, of religious worship, of political opinion, and of public meeting."

Treaties 19 Months Old

At these freedoms were pledged in the peace treaties which went into effect less than 19 months ago.

The peace treaties set up this procedure for settling disputes:

The matter is first referred to American, British and Soviet representatives in the satellite capitals.

If they fail to reach agreement within two months, the dispute then may be handed to a three-member commission for settlement.

One member would be named by each party to the dispute and a third chosen by mutual agreement, or by the United Nations secretary general.

The commission's decision is supposed to be binding.

If, as some American officials expect, the Soviet satellites balk at some stage in the proceedings, the western powers would be in a position to accuse them of open defiance.

The United States and Britain then could declare the treaties void or call on the United Nations to enforce the pacts. Officials declined to speculate on a possible next step.

### Emotional Tension Catchy; Epidemic May Start War

Chicago, April 2—(AP)—Emotional tension is something we can catch, like measles, from other people, a psychiatrist said today.

And, an emotional epidemic could lead to war.

Dr. Benjamin Karpman, Washington, D. C., gave as an example of a man who can spread emotional illness the "iniquitous boss with unexaggerated sadistic trends" who "creates veritable panics in his subordinates who must suffer in silence."

"Many are driven into anxieties, depressions and other unbearable states of tension," he said.

"But the emotions do more than merely disturb the even tenor of our routine life. Before war reaches its motor expression, it is preceded and generated by emotional disturbances which have been developing in the individual citizen for years. That is why we so readily succumb to war propaganda."

Dr. Karpman's remarks were made in discussing a three-day meeting of the American Orthopsychiatric Association which opens Monday.

He said the sessions will center on "the training of our younger generations from infancy to adolescence for more healthy interpersonal relationships and better citizenship."

### Will Go On Trial For Acid Murder

Horsham, Eng., April 2—(AP)—John George Haigh is to go on trial in London's old Bailey Court at a session opening April 26 on a charge of murdering a wealthy widow whose body was later dissolved in acid.

A magistrate's court ruled today he must stand trial for the robbery-killing of Mrs. Olive Durand-Deacon, 69, last Feb. 18.

Haigh, 39, offered no defense at the preliminary hearing to a prosecution declaration that he lured Mrs. Durand-Deacon to his plastics factory warehouse in Horsham, shot her in the back of the head, took her fur coat and jewels and pumped sulphuric acid over her body.

## COP 'Secret Seven' Plan To Destroy Truman's Program

Washington, April 2—(AP)—A group of Republican senators who half-jokingly are known as the "Secret Seven" apparently have undertaken full scale war fare on the whole range of President Truman's legislative program.

With Senators Wherry of Nebraska, the GOP floor leader, and Brewster of Maine, head of the party's senatorial campaign committee, among its members, this group operates independently of the Republican policy committee in swinging its meat axe at Democratic proposals.

Other members of the lineup were reported to include Senators Jenner of Indiana, Bricker of Ohio, Malone of Nevada, Kern of Missouri and Martin of Pennsylvania.

Meeting informally for lunch and at other times, the "Secret Seven" is said to map its strategy largely on the basis that Republicans won't get anywhere politically by adopting a "me-too" attitude.

They represent a different viewpoint from the rebellious group of 14 senators who tried unsuccessfully last January to unseat Senator Taft of Ohio as chairman of the policy committee.

## Frisco Pair Keeps Police, Hospital In Constant Dither

San Francisco, April 2—(AP)—The personal troubles of Lella M. Crawford and her friend, sailor Oscar Lindsey, are keeping police and emergency hospital attendants in a dither.

Early Friday morning, Mrs. Crawford, 24, bit, kicked, scratched and eluded would-be rescuers trying to interfere with her casual swim, in the nude, in the bay off pier 43.

She was held in Escrow until sobriety returned. Police said she had pulled the same stunt a couple of times before.

Today police reported they had trouble keeping Lindsey, 21, from trying to depart this earth. Lindsey and the young woman were jailed briefly after dawn after being arrested as disorderly.

Several hours later Lindsey popped up again, alone. He obviously had been on the receiving end of some fistfuffs. He was put in safe keeping in a padded room at Central Emergency hospital. He tried to hang himself by his tie from a window grating, police said.

They removed his tie and belt but had to hurry right back to keep him from strangling in a noose he made of his shirt. Then he was stripped completely.

"The police wouldn't let me see my girl friend," he explained. "The whereabouts of Miss Crawford was unknown today."

## State Game Laws Will Be Enforced By Use Of Planes

Springfield, Ill., April 2—(AP)—Coordinated air-ground tactics will be used in enforcement of Illinois game laws, the state conservation department announced today.

The new system involves the use of airplanes with radio communication to cooperating patrol cars and boats.

It was tried out last week along the Illinois river north of Peoria and resulted in the arrest of three men who were charged with taking ducks out of season. The charges are awaiting disposition.

Nearly 100 conservation investigators took part in the test. Described as "highly successful."

The key role is played by the airplane which reconnoiters good hunting areas where ground observation is restricted.

Upon spotting suspected violators, the pilot radios enforcement crews patrolling in automobiles or watercraft and directs them to the scene.

The department said the air-ground system would be used regularly.

## WOMEN GET SHOCKING PERMANENT WAVE

Miami, Fla., April 2—(AP)—A permanent wave machine sent two women to the hospital today.

Mrs. Virginia Allen, 44, the beauty operator, and her customer, Mrs. Ruth Ponte, 52, were knocked unconscious as curlers were being removed from Mrs. Ponte's hair. Their condition was not serious.

Patrolman H. L. Tillman attributed the accident to a short circuit.

## Tito Hits Russian, West Lies, Slander Against Yugoslavia

Belgrade, Yugoslavia, April 2—(AP)—In a defiant and independent speech, Premier Marshal Tito has accused both the western "capitalist" powers and Russian-dominated socialist state of "lies and slander" against Yugoslavia.

He spoke Thursday at Brioni Islands, where he is vacationing, to a group from Croatia, Slovenia, Istria and the Slovene Coastal areas. The text was made public here today.

"The anti-Yugoslav propaganda will not bother us, nor will it make us digress from the road which we are following," he said.

He added he was "laughing" at the campaign against his government.

"You have probably heard various lies on the terrible plots" which are being made in Brioni, that I have had talks here with English and Americans," Tanjoug quoted Tito.

"These lies are mostly being spread from Trieste, but are also being spread through bourgeois-capitalist and socialist countries."

## English Teacher, 38, Named 'Best Teacher Of 1949'

Chicago, April 2—(AP)—A 38-year-old high school English teacher who's a whiz at promoting Shakespeare has been named "best teacher of 1949."

She is Miss Phyllis Haug of the Burdick Vocational high school, Washington, D. C. She was nominated in the fourth annual best teacher contest sponsored by the Quiz Kids radio program (NBC) by Phyllis Lee Steinberg, 16, one of her pupils.

Miss Haug will receive \$2,500 in cash, part of which is to be used for advance study. She also will appear on the Quiz Kids program April 10 and spend a week in Miami Beach, Fla., all expenses paid.

For naming the "best teacher," Phyllis wins a \$1,000 U. S. security bond, a radio appearance tomorrow, and a bicycle. And, when school is out this summer, she and her mother will be sent on a tour of Canada, the West Coast and Mexico.

## Costa Rican War Minister Launches Coup Against Rule

San Jose, Costa Rica, April 2—(AP)—Edgar Cardona, Costa Rican war minister, launched a coup today against the military Junta headed by Jose Figueres.

Cardona's supporters seized the artillery barracks, where government arms, ammunition and heavy weapons are stored.

Figueres has taken over the main strategic points in the city, making his headquarters at the Pacific railroad depot.

One person was killed and several wounded when Figueres' and Cardona's forces clashed at the annex of the Gran Hotel of Costa Rica.

## Biggest Bills Still Await Action From 81st Congress

Washington, April 2—(AP)—The biggest bills of the 81st congress awaited action today—some untouched—with three months past and signs that the session may run into July or August.

President Truman's legislative program was making slow progress.

And directly ahead lay the big job of stop-communism legislation—foreign aid and the Atlantic pact to be followed by a proposal of arms for America's free world partners.

There was some unofficial cloakroom talk that a special session might even be necessary later if the problem of arming European foes of communism proves too knotty.

Originally leaders aimed at a six-month session. They still hope to quit by the end of June but they aren't too optimistic.

Although the records show 30 bills enacted into law since congress met,

on January 3, only a few rate major classification. The others are in the non-controversial "minor bills" category.

Congress has enacted bills continuing the 80th congress anti-inflation program through voluntary controls; extending rent controls; raising the President's salary; giving emergency relief to storm-stricken western states; continuing the President's export control powers; authorizing the air force to build a radar warning network around the country; and furnishing financial aid to Palestine refugees of the Jewish-Arab fighting.

The record of major accomplishment comes to an abrupt end there. Still kicking around are these big bills:

Repealing the Taft-Hartley Labor act; awaiting both Senate and House, but now back again in re-enacted form.

### Takes Price Ceilings From 36,500 Units

Washington, April 2—(AP)—Defense Secretary Johnson tonight following up his assertion that "there are too damn many committees" by abolishing nine armed forces committees. He said they were "useless."

The nine committees and boards he ordered scrapped were found either to have completed their job or to be duplicating functions performed by other groups, he said.

## Churchill Declares He Is Friend To People Of Russia

New York, April 2—(AP)—Winston Churchill, sailing for home after a nine-day visit in the United States, declared today he is a friend of the Russian people if not of their government.

"It is a great grief of the British and American people that the valiant Russian soldiers who fought so bravely in the war have been misled into the position their government has placed them," he told newsmen aboard the liner Queen Mary.

The war-time Prime Minister of Great Britain said he believed Soviet attitudes would change if there were an exchange of visitors between Russia and the outside world.

"It's extraordinary," he remarked, "that in this communist paradise they are afraid to open the doors for fear that all the cherubs would fly out, at least those who have wings."

"It is a very dear wish in England to be friends with the Russian people. But you can't get near them."

## Soviets Vainly Try To Inch Onto U.S. Soil In Berlin

Berlin, April 2—(AP)—The Russians tried vainly today to inch onto American soil in Berlin.

They even brought along their own maps of the quartered city in an effort to redraw the boundary lines by a matter of inches. Like everything else in the east-west dispute, their maps disagreed with the American maps.

The arguments involved only one yard of territory in one case and a matter of inches in another, but it made Germans living nearby restive and nervous.

Russians maintaining the blockade of western Berlin tried to arrest several Germans filling in a ditch. American police arrived and argued with the Russians. Both pulled out maps. The American map showed the Germans were one yard inside the U.S. sector. The Russian map disagreed. The Germans dropped their ditch-filling task and there the matter stood without further trouble.

## Despite Surplus, Britons Will Keep Paying Heavy Tax

London, April 2—(AP)—Despite a \$1,412,000,000 treasury surplus, Britons figure to keep on paying heavy taxes under a new budget to be unveiled in Parliament Wednesday.

Public demands for tax relief may draw some concessions, but these are almost certain to be balanced by increases in other levies.

Sir Stafford Cripps, Britain's Austere economics boss, already has said he will keep on battling inflation "with all the weapons used successfully in 1947 and 1948."

That means stiff taxes, price controls, subsidies for essential foods and farm products, and voluntary limitation of wages, profits and dividends. An announced object of the tax program is to drain off enough money to keep incomes in line with available goods.

## North Carolina's Senator Graham Is Ill Of Pneumonia

Washington, April 2—(AP)—Dr. Frank Graham, new Democratic senator from North Carolina, is ill of pneumonia, his administrative assistant said today.

John McConnell, the senator's aide, reported that Graham has been taken to emergency hospital here where doctors described his condition as good.

Graham has been confined to his hotel quarters recently because of a cold, but he attended last night's senate session. Formerly president of the University of North Carolina, he was named to fill the vacancy created by the death of Senator J. Melville Broughton. He was sworn in last Tuesday.

## Tension, Arrests Mount In Bitter N. Y. Taxi Strike

New York, April 2—(AP)—Tension and arrests mounted today in a bitter strike that has crippled much of the city's huge taxicab fleet.

Arrests in the day-old dispute between operators and union drivers climbed to 35 as police reported one cab stoned and another party wrecked. A picket-defying driver and a garage employee of one of the struck cab companies were beaten.

Among those taken into custody were two men who identified themselves as officials of the striking union—the taxi workers organizing committee. The union is an affiliate of John L. Lewis' United Mine Workers.

Although threats of mass disorder still had failed to materialize, heavy guards of police, armed with anti-riot weapons, maintained their round-the-clock vigil.

Both sides have charged the other with importing "goons" and predicted a recurrence of the bloody battles that marked the taxi tieup of 1934.

The initial flurries of violence exploded amid conflicting reports as to the effectiveness of the strike, called to obtain employer recognition of the union.

## U. S. Navy Veteran Demands Commie Bride Be Admitted

London, April 2—(AP)—A U.S. Navy veteran demanded tonight that his English communist bride be admitted to the United States.

The State department has said "No."

"I won't go home without her," John A. Wolfard, 38-year-old former University of Utah professor, told a reporter.

He challenged the State department's right to refuse a visa for his wife, the former Mary Yeates, 30. He said it is true that she is a member of the British communist party.

"But I claim there is a reasonable doubt whether the communist party in England advocates the overthrow of the United States government," Wolfard added.

Wolfard married his brown-haired, dark-eyed bride here last New Year's eve.

He threw up his job as associate professor of economics at the University of Utah, Salt Lake City, to come to England for the wedding after the State department denied Mary a visa to go to America under the G.I. brides law.

## Signing Of Pact Will Be Broadcast In 43 Languages

Washington, April 2—(AP)—The Atlantic pact signing ceremony Monday will be broadcast globally by the "largest concentration of shortwave radio facilities ever assembled for a single program."

The State department announced that today. It said the events—including President Truman's address—will be carried to all parts of the world by these agencies:

The State department's "Voice of America," the British Broadcasting company, the Canadian Broadcasting company, The Netherlands Broadcasting company, the U.S. armed forces network overseas and the Austrian government's network in the American occupation zone.

In all, 43 languages will be used to bring the ceremonies to a world-wide audience.

## Gets Army Camp Newspapers From Mexican War Days

Springfield, Ill., April 2—(AP)—The Illinois State Historical library has acquired a set of rare army camp newspapers published during the Mexican war more than 100 years ago.

Jay Monaghan, state historian, said today the paper was the work of William and Moses Osman of Ottawa, Ill., and was called The Ficket Guard. The men were members of the first regiment of Illinois volunteers.

William Osman of Ottawa, a descendant of one of the soldier-editors, gave the library copies of six or seven issues put out in 1847. There is no known copy of the first issue.

William and Moses Osman issued the paper from a small abandoned printing shop in Saltillo, Mexico. They had published the Ottawa Free Trader before joining the army.

## Severely Bruised As Plane Crashes

Audubon, Ia., April 2—(AP)—Ernest Peterson of Waukegan, Ill., suffered severe bruises today when the plane he was piloting crashed here today.

The four-passenger plane nosed into the mud and overturned. A muddy runway which prevented the plane from gaining sufficient speed on the take off was blamed for the accident.

## Military Council Proclaims Zayim Governor Of Syria

Damascus, Syria, April 2—(AP)—The supreme military council proclaimed Brig. Husni Zayim military governor of Syria with the rights of chief of state today.

President Al Sayed Shukri Al Kuwatly, the titular chief of state who was arrested in the army's bloodless coup Wednesday, was taken to a camp in the East Syrian desert.

Zayim, leader of the coup, dissolved the House of representatives, Syria's one-chamber parliament, and began temporary rule by decree. He announced he would appoint a commission of 20 lawyers and legislators to write a new constitution preparatory to holding new elections.

At the same time he appointed new district governors for Alep (Aleppo), Homs, Jebel Ed Druz and Lattaquie and a new Damascus administrator.

## Parking Violation Gets Congressman From Idaho Fined

Spokane, Wash., April 2—(AP)—Compton I. White, a 71-year-old congressman from Idaho, was re-fined from the city jail today after he paid a fine of \$100 and \$470 court costs.

He was convicted in police court on a charge of disorderly conduct. The silver-haired Idaho Democrat appeared as his own counsel in court this afternoon. He stoutly declared his congressional immunity placed him beyond the court's jurisdiction.

The charge arose from an argument over a parking ticket placed on White's car last night.

His court appearance ended an 18-hour stay in the jail. For 10 of the hours he could have been free on bond but refused to leave. Police said they advised him at 2 a.m. he could pay a \$15 bond and go. The officers said the bond was posted by White's secretary, but he would not accept it. He was jailed at 8 p.m. yesterday.

Included in the testimony was Assistant Police Chief Robert Piper's statement "it was very plain to me that he (White) was under the influence of alcohol."

The will, written in Polish by the pianist himself, had lain in vaults of Morgan and Co. bank here since 1939.

## THE BOOKER T. WASHINGTON COINS

The Booker T. Washington Birthplace memorial calls our attention to the fact that the Booker T. Washington half-dollars are selling slowly. The sale was authorized by the 79th Congress to help establish a service memorial at the Booker T. Washington birthplace in Virginia.

Chief features of the memorial are the opening of trade and industrial training opportunities to millions of colored citizens below the high school level and a perpetuation of racial understanding according to the ideas of this great colored leader. Sale of the half-dollars (price, one dollar) helps finance this work.

This is good work and it would be a shame to have these half-dollars go unsold. To obtain one write to the Booker T. Washington Birthplace memorial, Booker Washington Birthplace, Virginia.

These half-dollars would sell much faster if they were distributed around the country so they could be obtained at banks and public places. But that's not the case; to get one you will have to write for it. By doing so you will help a good cause and satisfy your own curiosity as to what the coin looks like.

## PROFITS AND PROSPERITY

Few persons realize the important role played by profits in promoting national prosperity. Some pertinent facts on this question are pointed out by the Standard Steel Spring company in a series of educational advertisements.

Of a total annual income of 220 billions, business profits account for 20 billions. While about half of this goes to big business, much of it helps to maintain small and medium business. International Harvester, for instance buys from 25,000 small concerns.

Only 40 per cent of the 10 billions going to big business is paid out in dividends. The remaining six billions is "plowed back" into the business for improvements and new construction, thereby insuring that American consumers will have advantage of the most modern and economical methods of producing the things they want.

For every person employed in the auto industry, there is an investment of six to eight thousand dollars. This is a higher investment figure than can be found in any other country and while it isn't the whole answer to our high standard of living, it is an essential part of it.

It could also be pointed out that the 40 per cent going to stockholders is subjected to severe individual income taxes. The truth is, there never was a time in the history of America when the owners of industry could not put away more of the profits than they are doing today. And in spite of this unfavorable tax situation they are returning enough profits to industry to maintain the most efficient business plant in the world.

## KITE FLYING AND ELECTRIC WIRES

Every year during kite flying season, thousands of kites become entangled in electric lines. A number of these contraptions which have "broken loose" are to be seen fluttering helplessly from power and telephone lines in Jacksonville and other Illinois towns. They seldom result in power interruptions according to utilities officials, but frequently result in tragedies or bad burns when youngsters try to recover their kites from the wires.

Kite flying is a great sport. There are few boys who have not flown them, and often grown men are observed flying kites. But all who indulge in the sport should observe certain precautions. The safety department of the Illinois Power Company has drawn up a set of rules, which if followed to the letter, would greatly reduce the number of accidents. These bits of good advice are:

Try to fly kites in areas where there are no wires.  
Never use wire in place of string, and don't use wire or metal objects in the kite tail.  
Don't use wire with metallic decoration, such as that sold for Christmas wrapping.  
Don't fly kites with wet string, or during rain. Benjamin Franklin proved that lightning will follow a wet kite string to the ground.

If kite does become entangled in wires, let it go. Don't even try to recover the string—just get a new outfit. Have somebody who knows how to remove the string safely do so at the earliest possible time.

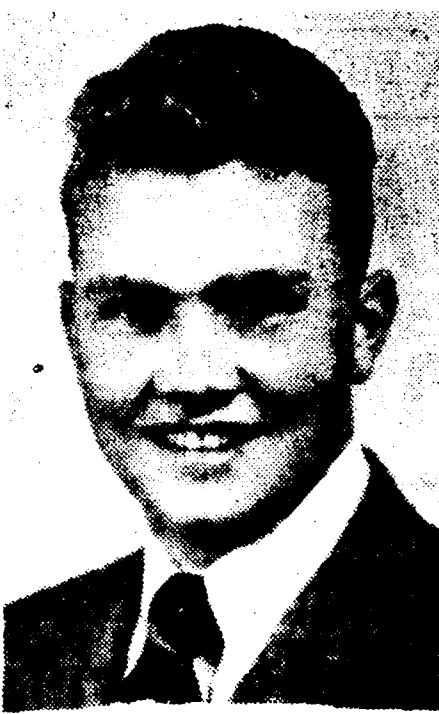

If somebody does grasp a kite string that is carrying electricity and can't let go, or get away from it, don't try to pull him away. Stand on something dry (a dry board—a pile of dry clothing) and use a dry stick to break the string or pull it quickly away from the body.

Parents are urged to impress these rules on their children. Observance may prevent serious accidents and save lives.

# Schizophrenia In The Front Yard

By Hal Boyle

New York (AP)—News item: "science produces hybrid trees that grow two to three times as fast as ordinary trees."

When Gilbert and Millicent Warb moved into their newly built home they decided they wanted two trees in the front yard.

So they called in Jonathan Spray, a professional landscaper, and explained their problem.

"We want trees that will grow fast," said Millicent. "Well, it isn't easy to hurry an acorn," barked the nature salesman. "But we want to please everybody—so we're trying."

"How?"

"By cross breeding trees and plants of all kind," said Jonathan. "Some of these hybrids grow so fast you have to jump out of the way after you water them. I've got a couple of hybrids in stock now. But I warn you they are still in the experimental stage."

"We'll take them," said Gilbert. "One On Each Side"

So Jonathan Spray planted the trees in front of the Aros' home, one on each side of the flagstone walk.

Two years later one tree had crawled over to the house, climbed up the porch and shot so high into the sky Gilbert had to put a red lantern on it to warn away airplanes at night. People came from miles away to see it.

"The second tree was a sorry sight—stunted, twisted thing no taller than Jimmy Durante and covered all over with hundreds of small hard objects bristling with spikes. Gilbert called it 'our wart bush.'"

"It must be sick," said Millicent. "I'm going to phone a tree doctor." Half an hour later a red-painted car, siren screaming, wheeled to the curb. On the side of the car was painted: "Tree Ambulance."

The doctor strode across the lawn with an air of professional calm. First he inspected the towering tree.

"Wonderful specimen!" "Wonderful!" he said. "Wonderful specimen!"

"Every evening I have to saw off a couple of limbs for fear they'll grow into the room and strangle me in my sleep," said Gilbert proudly.

"No wonder," said the doctor. "Your tree is a cross between a redwood and a morning glory vine."

Then he walked over to the dwarf tree. He opened his kit, took out a stethoscope, and held it against the trunk. He made more tests.

"It's sap pressure is normal," he said. "And it's organically sound. There's nothing I can do. I suggest you call in a tree psychiatrist."

"A tree psychiatrist. I recommend Dr. Cortez. He's doing some real pioneering in treating horticultural anxiety."

So Dr. Cortez came stretched himself out on a cot by the tiny tree.

Creamed eggs are delicious served on split ham biscuits for a Sunday night supper dish. To make the biscuits use the standard baking powder recipe calling for two cups flour and add about half a cup of finely chopped cooked ham to the dry ingredients before the liquid is added.

To make a quick frosting for a plain white cake melt three tablespoons of butter or margarine and mix well with a half cup of brown sugar and a cup of moist shredded coconut; spread mixture on an eight or nine-inch cake and broil carefully until coconut is lightly browned.

The San Francisco transit system has gone to the dogs. Rover no longer has to pound his weary pads on the pavement when he gets the urge to gad about. All he has to do is provide the new 10-cent fare now charged for dogs. He can even get a transfer. Here, Mavis Mueller introduces three of her trained dogs to the new dog's life. Apparently Mavis didn't go far enough in their training, since they refused to offer her a seat.

## Woman Was Squadron Jinx

London—(AP)—She became known as the Femme Fatale of the bomber squadron.

Dr. D. Stafford-Clark, wartime medical officer with the Royal Air Force, told her story in an article on "Flying Stress" in the Journal of Mental Science.

An attractive young officer in the

Women's Auxiliary Air Force (WAAF) got dates with many of the fliers in the squadron. Then one day they stopped.

Two men she'd been out with had got killed on an operation. Others told her "you're a jinx. You carry the kiss of death."

The doctor wrote: "One captain went so far as to forbid any member of his crew to take her out on pain of expulsion from the crew. 'There was no point in adding to the risk,' he said."

## Lee Sullivan Weds Bloomington Girl

### Couple Exchange Vows In Pretty Rites At Church

The Second Presbyterian church in Bloomington was the scene of a lovely wedding Saturday afternoon, March 26, when Miss Barbara June Bienemann, daughter of Mr. and Mrs. Arthur E. Bienemann of Bloomington, became the bride of Lee A. Sullivan, Jr., son of Mr. and Mrs. Lee A. Sullivan, 346 West Beecher avenue.

The couple pledged their vows in a single-ring ceremony performed by Dr. Harold R. Martin. Appropriate wedding selections were sung by Donald H. Litter of this city, brother-in-law of the bridegroom. The accompanist was Miss Charlotte Goodrich, organist.

**Bride Wears Blue**  
Given in marriage by her father the bride was attired in a gown of ice blue satin. Her bouquet was of white orchids, lilies of the valley and forget-me-nots.

Miss Patricia Ann Forbes of Pontiac, cousin of the bride, was maid of honor. The bridesmaids were Mrs. Robert D. Bishchoff and Miss Janet Greiner of Bloomington and Mrs. Robert L. Herget of Normal. Their gowns were of Goya red. They carried cascade bouquets of variegated carnations and wore matching halo headbands.

William E. Sullivan of New York City, brother of the bridegroom, served as best man. The ushers were William R. Elgaabroad, David W. Hauck, Allan R. Carpenter, Jr., Wayne E. Varland, Robert A. Root and Robert L. Herget, fraternity brothers of the bridegroom from the University of Illinois.

For her daughter's wedding, Mrs. Bienemann chose a dinner dress of Northern blue, with a tulleman rose corsage. Mrs. Sullivan wore a dinner gown of grey silk, accented with a corsage of roses.

**200 Guests At Reception**  
Following the wedding, a reception was held in the fellowship room of the church, with 200 guests in at-

tendance. The color scheme was green and white.

The couple then left on a southern wedding trip. After April 10 they will be at home at 1050 West College avenue.

The bride is a graduate of Bloomington High school and the University of Illinois, where she was a member of Torch and Chi Phi Theta honoraries and Alpha Phi social society.

Mr. Sullivan, a graduate of Jacksonville High school and the University of Illinois, is a member of Tau Beta Pi, Pi Tau Sigma and Sacten honorary fraternities, and Alpha Kappa Lambda, social fraternity. He is an engineer with the Eli Bridge company.

### VETERANS OF FOREIGN WARS OF THE UNITED STATES

This is the Golden Jubilee Anniversary of the Veterans of Foreign Wars of the United States.

Those Spanish-American War veterans who organized the first units of the V.F.W. did so with a definite and far-reaching purpose in mind. That purpose was born of necessity—of compassion for their comrades who had undergone unusual hardships in America's first major war against a foreign foe.

For these men who returned to their homes, fresh from their triumphs on the field of battle, there was no bonus, no nationwide chain of veteran hospitals, no government life insurance, no pensions, no G.I. Bill of Rights. These volunteers who had fought so gallantly in strange lands and on hostile seas, came home to find the American people were not greatly concerned about the problems of returning veterans. From the moment they received their discharge papers, they were on their own.

The founders of the V.F.W. were disturbed, and deeply distressed, by this lack of consideration for their comrades. But, determined as they were to do something about it, they realized fully that they could accomplish little as individuals. Only by raising their voices in unison could these "forgotten men" hope to be heard by the people—and by their representatives in the legislative halls of their states and their nation.

But, there was another far more compelling and unselfish reason for the bringing together of these veterans. It

was inspired by the experiences of the men who had fought our first first-scale war beyond our own shores. The war against Spain had been waged with inferior equipment, with food that often was unfit for human consumption; poor medical facilities, and with men who, though their courage was unsurpassed, were woefully untrained.

More than any group of Americans, these men recognized the tragedy of being unprepared for war. They were deeply conscious of the suffering and losses in human lives that an untrained and poorly-equipped army must endure.

There were many leaders throughout the nation who foresaw the need for an organization composed of overseas veterans. The same basic idea was claiming the attention of veterans in several parts of the country. In Pennsylvania, Colorado, Ohio, New Jersey, and other states, similar-minded veterans were banding together—eager to give their combined support to the patriotic objectives which were common to all.

Finally, when the clouds of the first World War were settling over Europe, these scattered groups realized that they could be a better force for the good of America if they would combine their efforts. As a result, delegates from the several groups assembled in Denver in September, 1913. After much deliberation, they voted to merge all the groups into one single nationwide veteran society to be known as the Veterans of Foreign Wars of the United States.

Throughout the succeeding years, the Veterans of Foreign Wars won the respect of the American people as the "Gold Chevron organization" because its members have earned the right to wear gold chevrons or bars, the U.S. Army badge of overseas service in time of war.

The V.F.W. has carved a permanent place for itself in our nation's history by serving in peace as well as in war.

Today, the Veterans of Foreign Wars comprises more than ten thousand Posts, or local units, in communities throughout the nation, in its territories and possessions, and in several foreign countries. There are, in addition, some seven thousand Ladies Auxiliaries.

Much of the legislation which has been enacted by the Congress to provide benefits for the men who fought our wars, and for the survivors of those who failed to return, stands as a monument to the untiring effort and sacrifice of our membership.

With our entry into World War II came a new challenge for service. The record of the V.F.W. was already favorably known to the youth of America. As a result, the nation's new army of overseas fighting men flocked to our ranks, increasing our numerical strength six-fold.

The so-called G.I. Bill of Rights for World War II veterans embodied the basic principles of many separate laws previously sponsored by the V.F.W.

One of our chief functions as an organization is maintenance of a National

Rehabilitation Service. This service, operating in all of the 48 states, is supported largely by funds raised through the annual sale of V.F.W. Buddy Poppies.

Another V.F.W. activity of which we are very proud is our National Home, at Eaton Rapids, Mich., for the widows and orphans of our comrades.

Through its Department of Americanism, the Veterans of Foreign Wars carries on a continuous campaign to preserve and expand the principles of democracy. Our Americanism Department conducts a year-in, year-out drive to expose the evils of communism and other subversive doctrines. It sponsors and encourages community-service projects of all kinds.

The fighting men who compose the Veterans of Foreign Wars are the most ardent champions of preparedness. We have asked Congress to set up a defense system that will be adequate to cope with any sudden emergency.

The Veterans of Foreign Wars is holding high the banner of human liberty, of justice, of peace and understanding among all the peoples of the world. We are carrying on the crusade that had its beginning fifty years ago. We ask no more than that the American people—and the free peoples throughout the rest of the world continue to work with us—to pray with us—to die with us if need be—to preserve the God-given heritage of freedom and happiness and peace.

## More Depth In Pitching To Aid Pirates This Year

By BOB MYERS  
AP Newsfeatures  
San Bernardino, Calif. — Right-hander Bob Chesnes had a fine year in his first whirl in the big time with the Pittsburgh Pirates, and Manager Billy Meyer has a prediction for 1949.

"He'll have a better year," says Meyer as he watches his Pirates toil under a broiling California sun. "Fancy product of Lefty O'Doul's San Francisco club in 1947, the

lost six as a freshman. "With Better Ball Club. "Naturally," continues Meyer. "Bob will have the benefit of a year's experience, and he's a pretty smart young fellow. He'll capitalize on this experience."

"He will also have a better ball club behind him, I think." There's an unusual relationship between Chesnes and tall Cliff Chambers, southpaw acquired from the Chicago Cubs. Twice Chambers failed to make the grade with Chicago. He won only two games and lost nine last year and lasted only for a cup of coffee the year before when he was turned back to Los Angeles.

But Chambers was the big gun of the Angels in 1947 and Chesnes the same for San Francisco in the Pacific Coast League. Chambers seeks starting role. Now Chambers is striving to make the grade on the club where Bob is a stand-out hurler. Meyer is waiting to see what happens. Chambers has a good, loose arm. Meyer says, but Billy seems puzzled that Cliff hasn't learned any more than he has during his stay with the Cubs.

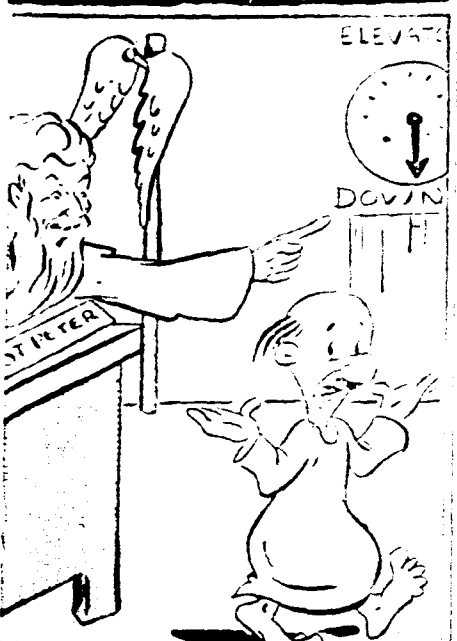

Meyer, looking over the rest of his pitching staff, thinks he'll get good results from Murry Dickson, the ex-Cardinal right-hander. Bob Muncrief, obtained from Cleveland, might deliver. Elmer Riddle, Vic Lombardi, Kirby Higbe and one or two other veterans should help.

Then he's high on another freshman from San Francisco Bill Wale, a southpaw who won 17 games for the Seals last year. Wale is apparently the best rookie prospect in camp. "We've got more depth in pitching this year," Meyer explains. "Some of my men last year needed a long time between games. When we ran into doubleheaders, we were murdered. Now we've got a lot of live arms, anyhow."

## CHICAGO LIVESTOCK MARKET REPORT

Chicago, April 2—(AP)—Hog prices declined to the lowest level since February 11 this week, in contrast, lambs moved up into new record high territory.

Price declines on hogs ranged from 75 cents to \$1.00. Final quotations for the week were in a range of \$18.25 to \$20.75. Continued narrow outlet for dressed pork and an increasing run of new crop butchers combined to cause the slump.

The starvation runs in the sheep section continued. Packers hang-rails the country over were reported meagerly supplied with dressed lambs. Dressed lamb prices advanced sharply. Top on fed lambs in the local market was \$32.25 for the week. Gains ranged from 75 cents to \$1.25.

Cattle prices mostly worked lower for the week. Average beef steer prices was \$23.94, down 49 cents from the previous week.

## New York Stock Market

New York, April 2—(AP)—Gold shares took the play in today's stock market.

Some of the golds hit new 1949 highs in comparatively active trading. Elsewhere the tendency was upward but there was no drive behind the buying. Gains ranged to around a point.

Business generally followed the usual slow Saturday pattern, with turnover at the rate of about 300,000 shares for the two hours.

Selling at the year's best prices during the day were Homestake, McIntyre Porcupine, Dome Mines and Sunshine Mining. Howe sound gained around a point. Alaska Juneau, which took a large step ahead yesterday for a low-priced issue, dipped a trifle early but later came back for a small gain. The stock is priced at about 35.

Standard Gas & Electric \$4 preferred moved up a point to a 1949 high.

Others ahead included U. S. Steel, General Motors, Chrysler, Goodrich, Montgomery Ward, Western Union, Kennecott Copper, Phelps Dodge, DuPont, N. Y. Central and Illinois Central.

Shaded a bit most of the day were Republic Steel, Woolworth, Douglas Aircraft, American Can, Dow Chemical, J. C. Penney, Sinclair oil and United Air Lines.

Corporate bonds followed a narrowly uneven route.

## With Reiser Gone To Braves, Cox Is Rickey's Mission Of The Year

By Bill Roeder  
NEA Special Correspondent  
West Palm Beach, Fla.—(NEA)—One reclamation project is all that Branch Rickey cares to handle at a time, and it looks as if he's going to have a clear field with the present patient, Billy Cox.

Now that Billy Southworth has taken over the Pete Reiser file, Cox has become Rickey's mission of the year.

So far, Billy has been reacting favorably.

As a matter of fact he seems to be thriving on the boy scout psychology they have been feeding him here. He continues to be the picture of energy and combativeness, with skills to match, and this delights the brain trusters.

Even Brut Shotton is all steamed up.

"They say it's a race between you and Southworth," said John L. Smith, the Brooklyn bank roll, "to see if he can make anything out of Reiser and if you can make anything out of Cox."

"Is that so?" Shotton said. "Well, if it is, I'm glad he's got Reiser and I've got Cox."

**Cox Seen Key To Flag**  
That is the same as saying that Cox is the man who can turn the pennant for Brooklyn. That is what they've been saying about Reiser and Boston, at any rate.

Branch Rickey, Jr., who was in California and Arizona, reports that everyone he bumped into at the training camps out there wanted the lowdown.

Very likely Jorgensen's name appears on the for-sale list which has been drawn up and submitted, "is said, to the enemy agents who were invited here to inspect Rickey's wares. Hank Deberry, of the Giants, and Dick Spalding, Cubs, had been twirling around the Brooks' camp.

The things Shotton has been doing indicate that he will keep only one spare infielder.

The manager has been doubling his regulars up at the different positions—he worked Pee Wee Reese at second base.

He was asked if he was doing this with the thought that enough versatility among his first stringers would allow him to get away with one less infielder. In that way he would keep an extra outfielder, which he would like to do.

"It could be done," Shotton said, rousing. "It could be done."

With Bob Ramazotti still the utility favorite, it looks as if Shotton may do away with Jorgensen and Eddie Miksis, by sale or demotion.

St. Petersburg, Fla., April 2—(AP)—Ed Lopat, chunky New York Yankee southpaw, is following Gene Bearden's example by adding a knuckle ball to his repertoire.

Bearden was just another pitcher in the Yankee farm system until Casey Stengel taught him the knuckleball at Oakland in 1946-47. Last year as a rookie he was a 20-game winner and world series hero for Cleveland.

Lopat doesn't expect such startling results. With him, it's more of an experiment.

"I don't know whether I'll use it in a regular game," said Lopat. "But it worked pretty good down here."

"You have to be sure about two things with a knuckleball. First, the ball has to do something. No matter about it. If it doesn't flutter, you're dishing up a nothing ball. Second, you have to get it over. The knuckleball in the world is just junk if it isn't over the plate."

Lopat threw the knuckleball at Dick Wakefield the other afternoon in an exhibition game. The Detroit left fielder was so surprised that he let it sail past for a called third strike.

**Can Ruin Arm**  
"Like any other new pitch," he said, "you have to take it easy or you can ruin your arm. My shoulder started to tighten up a little the other day after I threw it so I dropped it for a while. Same thing happened when I started to throw a screw ball in the minors."

Lopat's best pitch is his screw ball, a low breaking ball that curves from a right handed hitter.

Always a slow starter, Lopat was disturbed about his unusually poor spring in 1948 after his sale to New York by the Chicago White Sox. He won only two games up to June 13 while losing five. After that he had a 15-6 record to wind up with 17-11, second only to Vic Raschi on the club.

**LIBERTY AID WILL MEET WITH MRS. JOHN KILLAM**  
The Liberty Aid society will meet Wednesday, April 6, at 2 p. m. at the home of Mrs. John Killam. Devotions will be in charge of Mrs. Allan McCullough. Roll call will be answered by telling of unusual flowers or vegetables.

Mrs. John Wilson will be program chairman. There will be a flower exchange.

Chicago, April 2—(AP)—Grains got off to a slow start but finished with a strong tone on the Board of Trade today. A good amount of short covering came into the market in the last 30 minutes. Action of cotton at New York, where prices advanced, had some influence in creating a buying atmosphere here.

Soybeans and lard were firm from the start, soybeans getting up a few cents at times. Dealers said there was a better demand for cash soybean meal and soybean oil. Also important in the buying of this commodity, they said, was action of the House late yesterday in voting to repeal federal taxes on oleomargarine.

One of the outlets for soybean oil, traders said, was margarine manufacturing. Lower prices for the product should stimulate a better demand, they reasoned. The bill must still be passed by the Senate.

Wheat closed a lower to 8 higher, May \$2.15-2.16, corn was 1-1/2 higher, May \$1.33-1.34, oats were unchanged to 1/2 higher, May 69-1, rye was 1/2 higher, May \$1.26-1, soybeans were 2 1/2 to 3 cents higher, May \$2.20-2.21, and lard was 20 to 25 cents a hundred pounds higher, May \$11.70.

Estimated receipts of grain in carlots here today: wheat 5, corn 40; oats 20; rye none; barley 17, and soybeans 3.

**CARROLLTON STORE SOLD**  
Carrollton—The Lovekamp implement store here on the west side of the square has been sold by Orville Lovekamp to Henry I. Cohn Sr., and Henry I. Cohn Jr., and will be open for business under the new name of the Carrollton Farm Supply Company on April 6. There will be no change in the personnel of the store.

The Navy used a quarter of a million board feet of high quality lumber during 1948.

Chicago, April 2—(AP)—Hog prices declined to the lowest level since February 11 this week, in contrast, lambs moved up into new record high territory.

Price declines on hogs ranged from 75 cents to \$1.00. Final quotations for the week were in a range of \$18.25 to \$20.75. Continued narrow outlet for dressed pork and an increasing run of new crop butchers combined to cause the slump.

The starvation runs in the sheep section continued. Packers hang-rails the country over were reported meagerly supplied with dressed lambs. Dressed lamb prices advanced sharply. Top on fed lambs in the local market was \$32.25 for the week. Gains ranged from 75 cents to \$1.25.

Cattle prices mostly worked lower for the week. Average beef steer prices was \$23.94, down 49 cents from the previous week.

New York, April 2—(AP)—Gold shares took the play in today's stock market.

Some of the golds hit new 1949 highs in comparatively active trading. Elsewhere the tendency was upward but there was no drive behind the buying. Gains ranged to around a point.

Business generally followed the usual slow Saturday pattern, with turnover at the rate of about 300,000 shares for the two hours.

Selling at the year's best prices during the day were Homestake, McIntyre Porcupine, Dome Mines and Sunshine Mining. Howe sound gained around a point. Alaska Juneau, which took a large step ahead yesterday for a low-priced issue, dipped a trifle early but later came back for a small gain. The stock is priced at about 35.

Standard Gas & Electric \$4 preferred moved up a point to a 1949 high.

Others ahead included U. S. Steel, General Motors, Chrysler, Goodrich, Montgomery Ward, Western Union, Kennecott Copper, Phelps Dodge, DuPont, N. Y. Central and Illinois Central.

Shaded a bit most of the day were Republic Steel, Woolworth, Douglas Aircraft, American Can, Dow Chemical, J. C. Penney, Sinclair oil and United Air Lines.

Corporate bonds followed a narrowly uneven route.

## 900 Turn Out For Big Nine Spring Training; Minnesota Looks Tops

Chicago, April 1.—(P)—With interest focused on Rose Bowl-favored Minnesota, spring football practice Monday moves into full stride in the Big Nine.

Approximately 900 players, more than one-third of them embryonic sophomores, will toil in the 35-day off season conditioning session for next fall's championship campaign. Biggest squad is defending champion Michigan's 175-player turnout who started workouts March 28 ahead of the field. The Wolverines, however, have suffered graduation losses at key spots and their chances of grabbing a third straight conference crown are conjectural.

At any rate, neither Michigan nor Northwestern, the Big Nines Rose Bowl champions of the past two years, are eligible for another Pasadena trip next New Year's day.

The team regarded as a Rose Bowl, if not a conference title certainty, is Minnesota with 30 returning lettermen, including 10 of last year's regulars.

The Gophers, who finished third behind Michigan and runner-up Northwestern last season, have 10 spring candidates in uniform, including such 1948 standouts as Tackle Leo Nommellini, Center Clayton Tommemaker and End Bud Grant.

Minnesota is behind some other schools in freshmen turnouts, topped by Purdue's 59, but the Gopher have a couple of backs, Dick Gregory and George Hudak, who may be sophomore standouts next fall.

And backs are what Coach Bernie Bierman needs most to accelerate a behemoth eleven to the juggernaut form of his pre-war teams.

Next to Michigan, the biggest numerical turnout is at Wisconsin, where 107 players cavort under new Coach Ivy Williamson, successor to Badger Athletic Director Harry Stuhldreher.

Ohio State, which may turn up as another menace to Michigan's title defense, has 105 gridders followed by Purdue with 101.

Behind Minnesota's 100 are Indiana with 85, and Illinois, Iowa and Northwestern with 75 each.

In all, 65 regulars will be back for Big Nine action next season. Michigan still has the nucleus of a title contender with such returning stars as Halfback Chuck Ortmann and Leo Koceski, Tackle Al Wistert and Fullbacks Tom Peterson and Dick Kempthorn.

Illinois has back Quarterback Bernie Krueger, Fullback Russ Steger, Center Lou Levanti and Guard

## Leahy Hits New Low In Spring Grid Misgivings

South Bend, Ind., April 2.—(P)—Coach Frank Leahy of Notre Dame, never one to mistake spring showers for rain, has hit a new low in his annual misgivings about Irish football prospects.

"We'll have the worst team Notre Dame has ever had," Leahy groans. "We'll lose seven games."

Notre Dame didn't lose any in its last three campaigns, although a 1946 tie with Army intervened and Southern California knocked the Irish last fall.

Leahy has a sounder basis for his pessimism than for his usual spring training blues. Graduation peeled off a couple of livers of line-men between the ends, along with Quarterback Frank Tripucka.

Leahy has had to move Co-Captain Jim Martin from end to tackle, indicating partly that he's loaded with ends. Co-Captain Leon Hart is still at the right flank. Bill Flynn is at left end and they are backed up by veterans Doug Waybright and Bill Dightman.

But says the Irish coach: "Follows like Marty Wendell, Bill Fischer and Bill Walsh were fine blockers. We are missing them very much, Jerry Groom and Walt Grotzhaus are both letter men at center but they played on defense last year. Walsh did the blocking."

"We have no experienced offensive centers. Bob Lally is a fine boy at guard but he is light. So is Frank Johnson."

Leahy feels that Bob Williams is his only quarterback ready to go against competition as tough as the Irish schedule. The No. 2 man at present is Gerry Begley of Yonkers, N. Y.

The rest of the backfield is stuffed with talent, including Fullbacks Mike Swistowicz and Frank Spaniel and Halfbacks Bill Gay, Emil Sikko, Larry Courte and Jack Landry.

"Seven-yard" Sikko is sitting out practice sessions at present after a tonsil operation. He was banged up considerably last fall but intends to go out for track in a few days.

## Appling, 'Old Timer' Of White Sox, Still Going Strong At 40

Phoenix, Ariz., April 2.—(P)—Luke Appling, the venerable and highly successful Chicago White Sox shortstop, today turned 40—again.

The record book says "Old Folks" Appling was born April 2, 1909 at High Point, N.C. The geography may be right, but the Arithmetic is questionable.

A lot of people believe Luke, who last season set a lifetime American League record for games played at shortstop with 2,057, is closer to 45 and 40.

Certainly, there are days when Appling, with his grumbling about aches and pains, almost admits his published vital statistics are slightly off.

In the early days of spring training, Luke approached his baseball toil with considerable caution. He was swinging like the proverbial gate. And as the season progressed, he appeared to be operating in a rocking chair, a position from which he probably could perform as efficiently as most journeyman shortstops.

Appling caught big league attention at Oglethorpe University by hitting four home runs in four trips to the plate. In 1930, he signed with the Atlanta Crackers, hitting .326 that season, his only minor league sojourn.

He joined the White Sox at the end of the 1930 season and has been a Comiskey Park fixture ever since. And he still weighs the 175 pounds of his Oglethorpe days.

He has won the first of his two league batting crowns. His second title came in 1943 with .328.

## Blackwell, DiMaggio, Kurowski Still Not Heard From

St. Petersburg, Fla., April 2.—(P)—The big stories of the spring training season—Joe DiMaggio, Ewell Blackwell and Whitey Kurowski—remain untold as the ball clubs head for home.

In two weeks the season opens yet nobody can answer these questions without guessing:

1. Can DiMaggio play every day for the New York Yankees?

2. Will Whitey Kurowski pitch for Cincinnati?

3. How much will Kurowski help the St. Louis Cardinals?

The DiMaggio story took a turn for the better Wednesday when the Yankee Clipper played six innings against Cincinnati—the first test of his tender right hand.

After his first exhibition start the Yankee Clipper was optimistic but the results were not conclusive. He didn't have to run hard.

It appears fairly certain that DiMaggio will open the season in Cincinnati for the New York Yankees.

The Kurowski story is still a mystery. Blackwell's situation is more uncertain. So far he has pitched batting practice once or twice. Nothing more. Manager Bucky Walters will not guess when he might start "The Whip" in a game. It seems certain he will not appear in any of the exhibitions.

The main man reported 20 pounds under his normal weight after a serious operation. He is applying pressure slowly as he gains strength. The big test is still to come.

Kurowski has been in and out of the Cardinal lineup. His arm still is not right after the operation last fall for removal of 18 bone chips from his right elbow. Manager Eddie Dyer has no assurance that Kurowski's bat, normally good for 25 to 30 home runs, will be in there swinging for the Cards every day.

A. J. Muste, of New York, secretary of the organization, said delegates hope to formulate a program like that of Mahatma Gandhi in India. This called on its followers not to use violent means of resistance.

Muste said that 175 of the organization's members of draft age had refused to register. Of these, 37 are in prison and 35 are under indictment, he added.

Members, he added, are either withholding 35 per cent of their income tax or not paying it at all "because 35 per cent of our national budget goes for war."

The meeting will end tomorrow.

## Kentucky-Studded East All Stars Edge West 65-64 Before 18,341

New York, April 2.—(P)—The Kentucky-studded eastern all stars edged the best in the west, 65-64, tonight in the Herald Tribune's annual East-West basketball game before a capacity crowd of 18,341 at Madison Square Garden.

Trailing by 15 points late in the last half, the West made a desperate final surge that came within one point with 10 seconds to play. But the East grabbed the ball, and held it until time ran out.

Vern Mikkelsen, a big blonde smoothie from Hamline university of St. Paul, who carried the brunt of the West's unsuccessful drive, was the game's high scorer with 17 points.

The West's chances were doomed when Bill Evans of Drake, who had drawn a two-shot foul, arched his first try into the rim and off. The West then waived the second shot and with 10 seconds to play Leo Barnhorst of Notre Dame sent a sizzling one-hander through the cords from 30 feet out. But the West couldn't get another chance.

It was an amazingly good game. And considering the fact that the 10-man squads had worked together only a week, it was spectacular all the way.

Groza got the best of the personal scoring duel with easy Ed Macauley of St. Louis, 12 points to nine. Five of Groza's points were made while the St. Louis all-America was guarding him. All of Macauley's came against Groza.

Frank Saul, an accurate shot from Seton Hall, kept the East in the game the first half with three free throws. As an individual he seemed to fit into the "Kentucky" style of play better than the other easterners.

## Pig, A Survivor Of Atomic Blast, To Be Put In Zoo

Washington, April 2.—(P)—First they lock you in a washroom. Then they throw an atom bomb at you. Then they're going to put you in the zoo. It shouldn't happen to a pig.

But it did.

The navy announced today that "Pig No. 311"—survivor of atomic blast, radiation and residual radioactivity at the Bikini A-bomb experiments—is being turned over to the National Zoological park here.

Dr. William M. Menn, zoo director, asked for Miss 311 when he learned she no longer was wanted by the navy's medical department.

The navy made only one request: When 311 dies they want her back for an autopsy.

## Leahy Hits New Low In Spring Grid Misgivings

South Bend, Ind., April 2.—(P)—Coach Frank Leahy of Notre Dame, never one to mistake spring showers for rain, has hit a new low in his annual misgivings about Irish football prospects.

"We'll have the worst team Notre Dame has ever had," Leahy groans. "We'll lose seven games."

Notre Dame didn't lose any in its last three campaigns, although a 1946 tie with Army intervened and Southern California knocked the Irish last fall.

Leahy has a sounder basis for his pessimism than for his usual spring training blues. Graduation peeled off a couple of livers of line-men between the ends, along with Quarterback Frank Tripucka.

Leahy has had to move Co-Captain Jim Martin from end to tackle, indicating partly that he's loaded with ends. Co-Captain Leon Hart is still at the right flank. Bill Flynn is at left end and they are backed up by veterans Doug Waybright and Bill Dightman.

But says the Irish coach: "Follows like Marty Wendell, Bill Fischer and Bill Walsh were fine blockers. We are missing them very much, Jerry Groom and Walt Grotzhaus are both letter men at center but they played on defense last year. Walsh did the blocking."

"We have no experienced offensive centers. Bob Lally is a fine boy at guard but he is light. So is Frank Johnson."

Leahy feels that Bob Williams is his only quarterback ready to go against competition as tough as the Irish schedule. The No. 2 man at present is Gerry Begley of Yonkers, N. Y.

The rest of the backfield is stuffed with talent, including Fullbacks Mike Swistowicz and Frank Spaniel and Halfbacks Bill Gay, Emil Sikko, Larry Courte and Jack Landry.

"Seven-yard" Sikko is sitting out practice sessions at present after a tonsil operation. He was banged up considerably last fall but intends to go out for track in a few days.

Ten of the districts now maintain one-room schools for 169 students. Tentative plans look forward to a new school located somewhere near the center of the 34 square mile area.

Immediately after the results were tabulated directors of the 13 schools announced that a meeting will be held at Sherman school at 7:30 p.m. Monday to nominate a seven member school board slate.

### U. I. Specialists To Chart Fight Against Flies

Methods of fighting the ordinary house fly will be the subject of a conference to be held at Farm Bureau hall at 1 p.m. Tuesday, according to an announcement made by Farm Adviser E. H. Garlich.

Mayors of the municipalities of Morgan county, editors of Morgan county newspapers, members of the department of health and other officials have been invited to attend the meeting. Other interested persons are urged to come.

H. B. Petty of the University of Illinois will be on hands to lead the discussion.

A former Pike county man, Mr. Petty long has been an advocate of DDT in the fight against the disease-bearing nuisance, the housefly.

During the past months he has been under fire for recommending the use of the chemical in dairy barns. Critics claimed even a slight trace of the DDT, borne in milk, might be injurious to health. Saturday the Department of Agriculture announced in Washington that DDT was a safe weapon against flies and other obnoxious insects.

At least one member of the extension service, College of Agriculture, will also be on hand to present the newest findings in the battle against flies.

### Paratrooper Uses Experience To Save Family From Fire

New York, April 2.—(AP)—As a paratrooper, Louis Alonzo learned how to land when dropping violently.

As a result, he, his wife and their two young children, trapped by fire yesterday in their third-story Brooklyn flat, were alive today.

Discovering the hallway and stairs swept by flames, the 27-year-old veteran took his family to a rear window, where he jumped 45 feet to the ground.

Mrs. Alonzo then threw down their 10-month-old baby girl and their four-year-old son Alonzo caught them without mishap.

He also caught Mrs. Alonzo—she fell beneath her 120-pound weight. Alonzo weighs 140.

All were treated at a hospital, where Mrs. Alonzo remained with a fractured ankle.

The father, an unemployed stevedore, happy at getting them out of the flat, said today he was concerned mainly with finding another apartment.

## DULY, ALFALFA, SAUERKRAUT, RHEUMATISM

These four words proved altogether too much for many of the 53 grade school students who entered the annual Cass county spelling match held at the Virginia high school Saturday morning.

"Scenario" and "tedious" were a couple of other bad ones for the contestants.

Shown in the photo are B. W. Smith, county superintendent of schools, Marjorie Jokisch, blue ribbon winner; Winifred Gillen, second-

and Martha Ohm, third.

Mr. Smith is an advocate of correct spelling. "I'm old fashioned enough to think that correct spelling is important. I hear businessmen complaining every day that high school graduates can't spell. Spelling is something like swimming, if you learn it once you'll never forget it."

He complimented each of the 53 entries, declaring that "although we can give only six ribbons in this

contest, the fact that you're here today indicates you want to be a good speller. And that is the purpose of these annual contests."

The winner is the daughter of Mr. and Mrs. Elmer E. Jokisch of Virginia. She attends Olive Branch school and Mrs. Eva Brannan is her teacher.

Other ribbon winners were Donna Armstrong, Bethlehem school, Bob Mar of Virginia and John Coop of Ashland.

### Man Kills Three, Wounds One And Self In Spree

Detroit, April 2.—(AP)—Police said tonight that a 65-year-old grandfather ran amok today, slaying his daughter and two of his grandchildren and wounding a neighbor critically before shooting himself.

The grandfather, Isaac Lublin, 65, a blacksmith, was reported in "very serious" condition at Receiving hospital with a bullet wound in his head.

Detroit Police Inspector Thomas Wysocki identified the shooting victims as Mrs. Ruth Einstandig, 31, and her children, Marc, eight, and Marcia, three. The other was William Crane, 23.

According to Wysocki's reconstruction of the case, the grandfather went to the Einstandig home in a residential area of west side Detroit today.

The Einstandig's maid, Miss Vena Monagu, 19, told police that the elderly man chatted with his daughter and played with the children for a couple of hours.

The maid went shopping and when she returned an hour later found the front door of the home ajar, she told police.

Miss Monagu found the bodies of the mother and daughter in a second floor bedroom. The body of the little boy was found near the back stairs.

### 4-H Leaders To Open Camp Here This Year

Around 900 4-H youngsters and their leaders will camp on the shores of Lake Jacksonville this summer, according to tentative plans made at the state 4-H camping conference held in Decatur Friday and Saturday.

Farm Adviser E. H. Garlich said Saturday that the camping program would begin on July 6 and continue through the month.

"Naturally we don't know for sure how many will come for the first camping season," Mr. Garlich continued. "The final date for registration is May 15. But indications submitted by county leaders at the

Decatur conference promise an attendance of about 900."

4-H leaders from this district will come here for three "clean-up days" on April 11-12-13. Another three day period of clearing out certain camp sites may be held in May.

According to present plans, the 4-H members will live in tents on the wooded tract recently leased from the city of Jacksonville. The district leaders, however, expect to build a permanent kitchen and dining room this spring.

The Lake Jacksonville site was chosen by state and district 4-H leaders after an intensive inspection of many other spots in west Central Illinois.

More than 100 4-H leaders attended the two day conference held at the Orlando hotel in Decatur Friday and Saturday. Representatives from this area included Mr. Garlich, Home Adviser Mildred Seaman, Farm Adviser Robert S. Slayton of Scott county, Home Adviser Helen Hackman of Pike county and Farm Adviser E. E. Lahont of Cass county.

### Northwestern RR Conductors Set Date Of Walkout

Cedar Rapids, Ia., April 2.—(AP)—A strike of Northwestern railroad conductors has been set for 6 a.m. Easter Sunday, April 17. F. H. Nemitz, senior vice president of the Order of Railway Conductors, said today.

Nemitz said he had been informed of the strike date by ORC President P. A. Fraser, who has been in Washington for the past several days.

Fraser talked the matter over with the conductors union general committee before setting the strike date, Nemitz said.

The Federal Mediation Board in Washington has been notified of the strike date and is expected to call a meeting soon to try to settle the dispute, the ORC vice president said.

More than 1,000 Northwestern conductors previously had voted "overwhelmingly" in favor of a strike, Nemitz said.

He said the strike was called because of "the company's failure to preserve agreement provisions and failure to adjust resulting disputes."

Negotiations had been in progress for six months in an effort to settle up to 50 different grievances, Nemitz said.

The strike presumably would tie up the railroads operations over 9,000 miles of track in nine midwestern and north central states.

## Dramatist To Appear Before Woman's Club

An afternoon of real entertainment is in store for members of the Jacksonville Woman's club at their next meeting, Saturday, April 9, when the noted dramatist, J. Bradley-Griffin, is scheduled for a return engagement.

J. BRADLEY-GRIFFIN

Mr. Bradley-Griffin is an actor, director and playwright of much renown. He appeared before the local club in a performance of "The Hasty Heart" in November of 1947.

His appearance next Saturday will be in the recital version of "Carousal," the colorful musical comedy which enjoyed such a long run on Broadway. He will be assisted by the musicians from the Upjohn Players in Chicago, a well-known theatre group of which Mr. Bradley-Griffin is director.

An outstanding figure in theatrical and literary circles, Mr. Bradley-Griffin has made numerous appearances at Town Hall in New York and at the White House. In 1939, he received the Chicago Foundation Literature award.

He is the son of Dr. Preston Bradley, known to millions of radio listeners through his daily talks on the "Hymns of All Churches" program. He will be introduced by Mrs. G. O. Webster, chairman of the day.

Members are asked to take note of the fact that the meeting will be held in the social room of MacMurray college, instead of the regular meeting place.

The board meeting will be held Tuesday, April 5, at 9:45 p. m. at the Farmer's Bank building, with the president, Mrs. Fletcher J. Blackburn, presiding.

## Trunk Line Is Busy

Three-year-old Jennifer Smith thinks that if she throws a little more sugar down the hatch, she might get a longer ride during a visit with the elephants at the London Zoo

## Picture Ties Sweep Britain

London—(AP)—The American vogue for handpainted ties has finally hit Britain.

A haberdasher on London's Charing Cross Road, which caters to the local zoo-suit set, says he sells 200 a week.

"Everybody has them—stockbrokers, clerks, teen-agers and the middle-aged," said this merchant, Cecil Gee.

"These ties are about the only way a man can put his personality across these drab days."

In Manchester, the ties cost up to \$2.50; in London, up to \$5.

Gee said his most popular number depicts a partly dressed girl named Lolita—but they're all British.

"None of those naked American ladies for us," he insisted.

A spokesman for the highly proper trade journal, The Tailor and Cutter, sniffed and said:

"The only possible place a gentleman could wear a tie like that is in his own home."

## SAYS CIGAR BANDS BEAT STAMPS

Barcelona—(AP)—Gathering cigar rings is more exciting than stamp collecting, according to several well-known philatelists who have just found an "Association of Cigar Rings Collectors."

## Jersey Co. State's Attorney Orders Gaming Crackdown

Jerseyville, Ill., April 2—(AP)—State's Attorneys in two Illinois counties Jersey and Jefferson charged yesterday that gambling existed in their counties and called on law enforcement officers to "clamp the lid down."

State's Attorney Alvin Pettit of Jersey county declared he planned a showdown with Sheriff C. E. Wedding in circuit court next Wednesday. Both men are Republicans.

Pettit said Sheriff Wedding has tried to make it appear it was the state's attorney's duty to make raids and gather evidence.

### "Perform Duty Or Resign"

"I intend to have him before the circuit judge on Wednesday and straighten that point out," Pettit said. "He should either perform his duty as sheriff or resign."

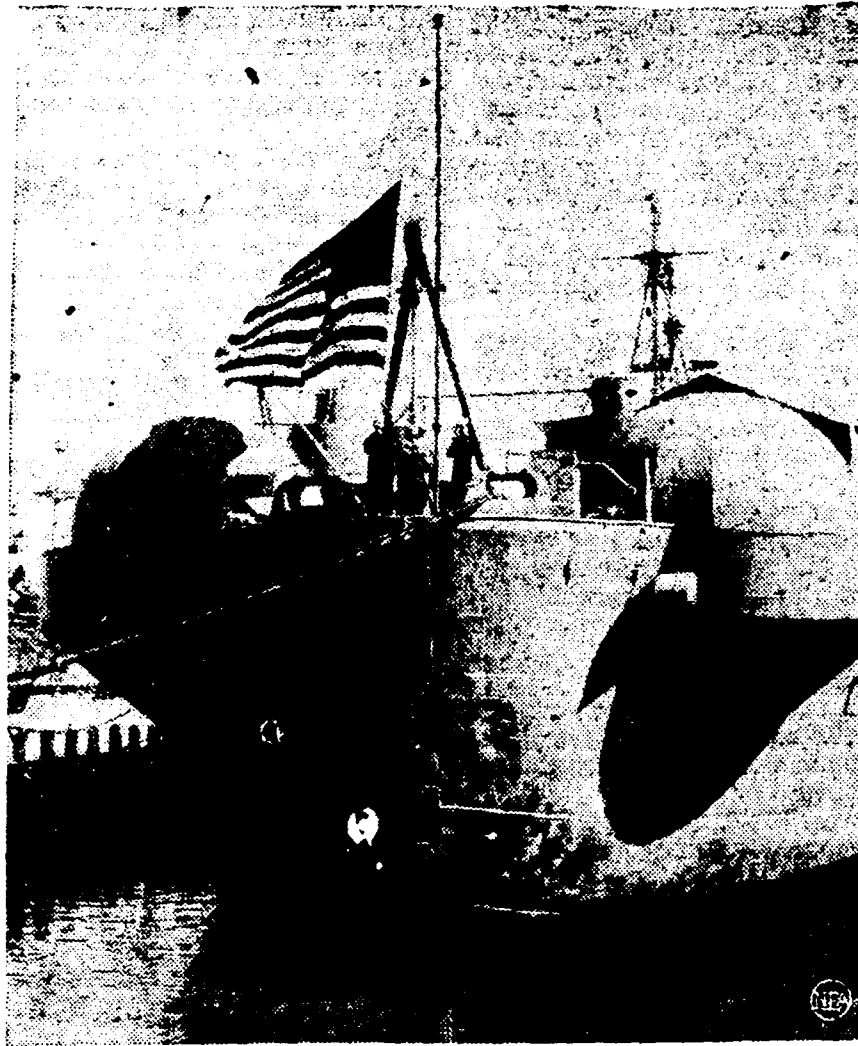

In Mt. Vernon, Jefferson county State's Attorney Martin J. Dolan said he found gambling or vice conditions in several county establishments but not in Mt. Vernon.

Dolan called on Sheriff J. Chris Johnson, a Republican, in an open letter, to close all such places immediately. He said that unless they are closed, he will present the matter to a grand jury and institute proceedings to have them padlocked.

## Augustana Choir To Sing Monday In Springfield

Music lovers from Central Illinois are invited to hear the concert by Augustana choir at the Springfield high school auditorium at 8:00 p.m., Monday, April 4.

The 72 voice choir, under the direction of Henry Veld, is giving 10 concerts in five states on this Spring tour. The choir is composed of two groups, the Wennerberg male chorus and the Jenny Linds women's chorus of the musical department at Augustana College, Rock Island. Each group sings a couple of selections as individual choruses. Miss Ruth Anderson is accompanist for the choruses. When the two groups unite, to form Augustana Choir, they sing a cappella.

Unusual in the matter of choir costumes, Augustana choir mem-

bers appear in formal attire instead of the customary robes or gowns.

This Augustana choir has been acclaimed by music lovers and critics from coast to coast as one of the finest choirs in the nation.

Four of the Lutheran churches in Springfield are sponsoring the concert by the choir. A cordial invitation is extended to everyone to attend the concert. No admission will be charged, but a free-will offering will be taken.

## THE DOCTOR SAYS Constipation May Be Due To Abuse Of Laxatives

By Edwin P. Jordan, M. D.  
Written For NEA Service

Improper training and neglect, especially in childhood, have a great deal to do with chronic constipation. Much trouble comes from failure to set aside a regular time of day for a bowel movement.

Poor diet, of course, can and often does cause constipation. Too many people gulp their food down without allowing enough time for their meals. Also many of the highly-refined foods we eat do not contain the bulk necessary to assist in proper movement of the bowels.

In some parts of the country and at some times of year, fresh fruits and vegetables make up an insufficient part of the diet. These foods not only supply much of the bulk in the diet, but also aid in peristalsis or the wave-like movement of the intestine which carry the contents down through the intestinal tract.

**Abuse Of Laxatives**

Another great cause of constipation is the abuse of laxatives or cathartics. Many people believe that if they clean themselves out once a week with a good strong purge it will be good for them. When they do this the normal rhythm of bowel evacuation is disturbed and usually not re-established for several days.

Also the regular or inadvised use of laxatives tends to set up a bad habit of the bowel so that laxatives have to be relied on more and more. The results of treatment of simple constipation, unless the trouble has begun in childhood or has lasted for a very long time, are usually satisfactory. The underlying cause, whether diet, neglect, or abuse of laxatives, first has to be corrected. Establishing good bowel habits is extremely important. Exercise too helps to overcome constipation. It improves peristalsis and strengthens

**THE DOCTOR'S ANSWERS**

By Edwin P. Jordan, M. D.

**QUESTION:** Will rubbing dry salt into the scalp ward off dandruff? My hair has been coming out since my last permanent wave.

**ANSWER:** I do not believe rubbing dry salt into the scalp would help dandruff at all and it might be extremely irritating to the scalp. I should advise against it.

**THE STORY:** Mr. and Mrs. Roberts need a room to relieve the wartime housing shortage. This lodger, known as Roger, is a sergeant attached to the strange near Great Falls, Montana, where the Roberts live. Roger takes over the house and their car. He is a young contractor's engineer, and he is a very good one. He is a very good one. He is a very good one.

**AS I** opened the door to him, he turned on both his dimples to their maximum "candle power." "Won't you come in, I said, indicating the living room. He was already halfway up the stairs. "Which way is your guest room?" he asked, flashing these dimples again.

He was young—not more than 22. I guessed—exuberant, broad-shouldered, handsome, and, worst of all, winsome. "Pretending, I followed him up the stairs.

"This is a lovely home you got here, Miz Roberts," he said. Like a bloodhound, he followed the nose to the guest living room. "Now this is something like!" he exclaimed, as he entered the room. I was surprised he thought so, for our guest room is Early Girlie Dinsmore with chintz, ruffis, and bows on lamp shades. "Sally Fluff! love this!"

"Sally Fluff?"

"Ma'n bride, ma'am," he said proudly.

"Where are you using now?" I asked.

"At the Green Hotel."

"Ah, then you have a place to take Sally."

"Miz Roberts," he said earnestly, "have you ever lived at the Green Hotel?"

"No."

"Well, ma'am, it's all right for a pile of fellows, Ah guess, but you doan know what you're saying if you say it'd be all right for Sally Fluff. She's a real girl, she's a real girl."

## What's Better Than ONE Sacony Suit? ...two!

the only woman's suit of Palm Beach\*

**25.00**

Because . . . TWO makes FOUR

One suit...\$25.00...it's a wonderful buy! Two suits...\$50.00...four times as wonderful, because they make four costume changes... with just a switch of the jackets and skirts. Choose one Sacony that's soft and sweet, another that's simply basic... pick two wonderful colors: from frosty white, gentle pastels, polished darks. Then, let yourself go... for a varied summer wardrobe.

You can count on Sacony suits to look spanking fresh, because wonderful wool-and-rayon Palm Beach is ever crisp, ever-cool even when the sidewalk sizzles. No wonder we say "There is only one thing better than d Sacony... TWO." Misses sizes.
